We Need Your Help to Save Trees!

There is a trend to go paperless in society today and we are behind it 100%! We print and mail statements every month on some members and every 3 months on all members. The cost to produce and mail statements is staggering. Paper statements are also the most unsecure way to deliver your private information.

We want everyone in the credit union to enroll in electronic statements. They are delivered in a

secure environment with authentication keys in place behind our home banking program. Your information is safe, secure, and NO PAPER TO FILE. The E statements are also “delivered” MUCH faster than snail mail, and they are archived so you can electronically retrieve any statement at any time.

Between now and December 31, all members enrolling for E Statements, will be entered into a drawing for a \$100.00 VISA Gift Card.

You can enroll in the Home Banking site, or call us and we'll help you get it set up.
