## DEBIT CARD TRANSACTIONS ARE "LIVE"

We have upgraded our VISA Debit card program by enhancing our transaction processing platform to be REAL TIME, or LIVE.

In other words, when you do a debit card transaction, make a deposit to your checking or an ATM withdrawal from checking, using your debit card, your balance is IMMEDIATELY updated. No more waiting for systems to upload your balance information.

We're thrilled to be able to add this enhancement to our checking accounts and hope you will like the improved access and service! Don't have a checking account at CUPFCU? Open one today!

## 5000 Branches to serve YOU!

That's not a misprint! CUP Federal Credit Union has partnered with the Nationwide CO-OP Shared Branching network to provide access to your credit union account at over 5000 locations NATIONWIDE.

Simply locate the nearest Shared Branch location by searching [www.co-opcreditunions.org](http://www.co-opcreditunions.org). Type in your zip code and a list of locations will be shown. Choose the one most convenient to you. Simply visit that location, tell the teller that you want to do a Shared Branching transaction on your

account at our credit union. They will require picture ID and your CUPFCU account number. You can make withdrawals, loan payments, deposits, cash checks, transfer funds and obtain balances. You will not be able to process or close loans.

This incredible service gives you more access to your CUPFCU account, even on Saturdays and expanded hours at certain locations!

If you would like additional information on this terrific new FREE service, call or email us at [cupfcu@gmail.com](mailto:cupfcu@gmail.com) and we will email or send out a detailed information brochure. Always, you can call and we can answer any questions you may have.
